

COSTCO SPECIAL EVENTS

A SANCTUARY IN YOUR YARD

STUDIO SHED® is changing the way we think about our living space and redefining a category along the way.

Store your gear, work from home, or pursue your creative passion in your own personal space. Proudly founded in Colorado and factory assembled with high-end materials in Boulder County.

Exclusively for Costco members, our Costco selection reflects our most popular designs offered at special Costco member pricing.

Each model comes with an unfinished interior suitable for a workshop or simple storage. If you want a home office or backyard studio, adding your interior finishes is a straightforward process using off-the shelf materials.

Your Studio Shed comes with our exclusive turnkey wood foundation system.

Installation of the wood foundation system requires that your site is level to within 6" across the footprint of the building. Step and modular deck options are designed for integration with the wood foundation system. Access to electricity within 150 feet and 3 feet of clearance around the shed are required for proper installation.

Check with your local building department before ordering to determine if a building permit is required in your area. In the event a building permit is required, permitting your Studio Shed and compliance with all applicable local building codes is the responsibility of the customer. Additional charges will apply for permitted installations. HOA approvals are the responsibility of the customer.
